

PROFESSIONAL ENGINEER'S CERTIFICATION

The activities implemented for the Supplemental Interim Remedial Measure were completed in substantial conformance with the NYSDEC approved Work Plan and the Work Plan modifications and expansions indicated in this Report. I have personally examined and am familiar with the attached Supplemental IRM Completion Report. To the best of my knowledge, the contents of the report are accurate, complete and sufficient in documenting the Supplemental Interim Remedial Measure completed for OU-3 Brightwaters Yard in accordance with the NYSDEC approved Work Plan.
