

## **Project Update - Week Ending 9/13/13**

### **Oxygen System Installation/Modifications**

On August 19, 2013, National Grid began the construction of two new oxygen injection systems at the Bay Shore/Brightwaters Former MGP Site. The new oxygen injection systems will treat groundwater in Operable Unit Number 3 (OU-3) at 87 Community Road and in Operable Unit Number 1 (OU-1) at the OU-1 North property, located between Clinton Avenue and 5th Avenue, north of the Long Island Rail Road. In addition, National Grid will modify existing treatment systems within OU-1 and Operable Unit Number 2 (OU-2) to better treat impacted groundwater. Work will be completed on portions of the following properties:

- 87 Community Road (OU-3)
- OU-1 North (OU-1)
- 60/66 North Clinton Avenue (OU-1)
- 61 North Clinton Avenue (OU-1)
- 33 North Clinton Avenue (OU-2)
- Adjacent to Montauk Highway and Garner Lane (OU-2)

#### **Activities September 9 through September 13, 2013:**

- Completed installation of oxygen injection wells at 60/66 North Clinton Avenue
- Completed trenching and plumbing activities at 87 Community Road

#### **Two-Week Outlook**

- Complete trenching, plumbing, paving and site restoration at 87 Community Road
- Startup of the 87 Community Road oxygen injection system
- Continue the installation of oxygen injection wells at Union Boulevard, 33 North Clinton, adjacent to Montauk Highway and Garner Lane, and OU-1 North
- Begin trenching and plumbing activities at 60/66 North Clinton Avenue
